PURPOSE

Our Child Safety Code of Conduct sets out the expected behaviour of adults with children and young people in our school.

All Craigieburn Secondary College staff, volunteers, contractors, service providers, school council members and any other adult involved in child-connected work must follow the Child Safety Code of Conduct.

The Child Safety Code of Conduct applies to all physical and online environments used by students. It also applies during or outside of school hours and in other locations provided by the school for student use (for example, a school camp).

ACCEPTABLE BEHAVIOURS

As Craigieburn Secondary College staff, volunteers, contractors, and any other member of our school community involved in child-connected work, we are responsible for supporting and promoting the safety of children by:

- upholding our Craigieburn Secondary College commitment to child safety at all times and adhering to our Child Safety and Wellbeing Policy
- treating students and families in our school community with respect in our school environment and outside our school environment as part of normal social and community activities
- listening and responding to the views and concerns of students, particularly if they disclose that they or another child or student has been abused or are worried about their safety or the safety of another child or student
- promoting the cultural safety, participation and empowerment of Aboriginal students, students with culturally and/or linguistically diverse backgrounds, students with a disability, international students, students who are unable to live at home and lesbian, gay, bisexual, transgender and intersex (LGBTIQ+) students
- ensuring, as far as practicable, that adults are not alone with a student – one-to-one interactions between an adult and a student are to be in an open space or in line of sight of another adult.
- reporting any allegations of child abuse or other child safety concerns to the Wellbeing and Engagement Assistant Principal
